## Who should use EDGE?

**Professionals** who design, develop, support or use GE Intelligent Platforms products are being provided with a variety of training curricula to address the skills requirements of a variety of product groupings. Training curricula can also be tailored to individuals based on their role and training progress.

## What is EDGE?

The **EDGE** is a Learning Management System that will help you build, work through and complete your personalized training plan. All training, be it web-based, classroom-based or distance learning, is managed and tracked using your account at the **EDGE**.

The starting point will be fundamental **product** training – organized by product groups. Upon successful completion you will move on to progressively more advanced curricula to support integration of advanced technologies.

## Where is EDGE?

EDGE is a globally available web portal. Navigate to [www.ge-ip-learning.com](http://www.ge-ip-learning.com) to get started. A registration link is located in the Login area found in the top-right corner of the main page.

## When and how do I use EDGE?

You can get started immediately. Navigate to [www.ge-ip-learning.com](http://www.ge-ip-learning.com) and begin by following one of these steps:

- 1) Login with an existing account    OR
- 2) Register for a new account. After submitting your registration you will receive a confirmation email along with a notification of access. Allow one (1) business day for activation.

Once you have your account, you can access training and resources around the clock, any day of the week. If you have problems, contact [training.ip@ge.com](mailto:training.ip@ge.com)

## Why should I use EDGE?

This is an opportunity for you to learn new skills and knowledge (or further hone existing ones). Your training will be tailored to your needs, so you will not have to endure “one-size-fits-all” training. You can also take active ownership of your training plan to expand your skill set and satisfy your own professional needs – because what is good for you is also good for your company.

Join us at the EDGE and maximize your technology investment!
